-Spectator Notes-

Some printer was probably boring from within when he set up Fred Weybret's posters. There - clear as anything - it says that Fred is an encumbent.

- - - - - -

Nothing like a little advertising, we always say. But those signs of M. J. Murphy put up to guard the sidewalk patches at the corner of Dolores and Ocean went a little too far. About five signs - each quite a bit larger than the small piece of wet cement.

- - - - - -

Greer Garson was in town this week – looking much the same – after completing two films in the southland. She reports that she and her mother enjoyed the relaxation she got at her Pebble Beach home, but now she's off for Texas to join her husband, Buddy Fogelson. She's due to make another picture in December.

- - - - - -

Gladys Johnston has a busy weekend cut out for herself. She left yesterday for a Soroptomist luncheon in Palo Alto where she will give a talk on the organization's convention in Copenhagen this summer - which she attended - and show pictures she took there. Then on to Richmond for a real estate meeting Friday. Then to Modesto for another Soroptomist conference Saturday, where she will repeat her talk. Then back to the Peninsula in time to carry out her duties in the political rally.

- - - - - -

Capt. William S. Morcutt recently returned to his Pebble Beach home after a life insurance convention at the Ahwahnee in Yosemite Park. Sounds like a rather nice place to hold a convention.

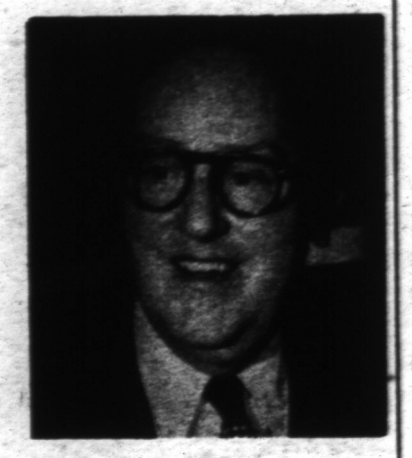
- - - - - -

Harry Barris, sophisticated song writer now at the Mission Ranch, appeared this week on TV with Jim Wakely, cowboy singer, in Los Angeles. If the producers wanted contrast, they must have been happy.

- - - - - -

Those strange noises you hear issuing from Jimmy Doud's car as it passes aren't the result of a faulty horn. It's a cow-caller. Seems that this gimmick is the rage in Texas where the cattle barons like to look over their herds in the comfort of their Cadillacs. So they just call the cows over with the caller. The Jimmy Hatlos liked it so well they had Jimmy get them one too.

- - - - - -



Two big guns in the Statler chain are up here visiting after the opening of the new multi-million dollar L.A. Statler. Herbert Blunck, manager of the Washington Statler, and Thomas Troy, manager of the New York Statler, and their wives are at the Highlands Inn, visiting Mr. and Mrs. Charles Reed - all old friends. The visitors find the Highlands rather restful after the pace of larger towns, they say.

PARKING LOT PROBLEM AGAIN BEFORE COUNCIL

At the Tuesday council meeting, the Carmel Business Association will bring before the city its plan for the solution to the parking problem. The CBA directors will base their plan on the results of a survey taken in the business district recently.

About 185 business and professional people were contacted out of a total of 206. These shops and offices use now 184 public stalls and 48 private stalls out of a total of 445 stalls within the business area.

Of the 185 contac ted, 149 said that clients and customers have trouble finding stalls, and 141 favor a city parking lot or lots.

However, only 43 said they would rent a stall in a city parking lot. And 107 said they would be against any parking solution if it involved an increase in shop rental, while 78 said a small rental increase would be all right.

This last indic ates that the majority of the business area would not favor an assessment district to purchase the off-street parking space.

The purchase of the M.J. Murphy lot on Ocean avenue by city funds was rejected by the council several weeks ago. At that time council members stated that the problem should be solved by the business association - not by the taxpayers in general.

EXECUTIVE COMMITTEE OF CBA ON BALLOT

Ballots are now out for nomination for five members of the Executive Committee of the Carmel Business Association. The ballots must be mailed on or before the Big Election Day – Tuesday.

All members of the association are eligible except the five holdover members - Oscar Balzer. Walter Nielsen, Corum B. Jackson, Robert Spencer, and Mark Thomas.

MRS. LESLIE LEAVING SHOP IN PEBBLE BEACH

Mrs. Wanda Leslie, manager of the Carolyn Kelsey Shop in Pebble Beach, has resigned her position there and will leave tomorrow. She and Mrs. Ezatha "Churchy" Goss are planning a two weeks vacation together.

At the same time, Ira Nagel, owner of the Caro lyn Kelsey Stores, announced the appointment of a new manager for his Monterey store, Miss Aurelia M. Moran.

An Editorial-

This is a crucial election coming next Tuesday. The results of the ballot s cast will affect each individual's life - not only for the next four years - but probably for a long time to come. Sometime within the next four years the great questions will be decided - peace or war, depression or a stable economy, true liberty or a life fettered by restrictions made necessary because of world conditions.

By now voters of this area, we trust, are fully informed on the question of the presidency - what each candida te stands for and what he will attempt to do. They know the vice-presidential candidates. We believe everyone has had the same access to information that we have, so we do not feel it is necessary to urge a choice for the presidency and vice-presidency.

However, for what it may be worth, this editor has switched during the campaign from strong sentiments for Eisenhower to a decision to vote for Adlai Stevenson.

The other positions to be filled are state and local offices. In a presidential year these lesser positions are apt to be overlooked to some extent by voters. In these we will state a preference, and briefly, why.

For U.S. Senator: Senator William F. Knowland is assured of winning, his opponent running on the Independent Progressive ticket. Knowland has been an able senator and has well represented the state and deserves all the voters' courtesy vote.

For U.S. Representative: The incumbent, Ernest K. Bramblett, has completed six years in Congress without any major accomplishments. His opponent, Will Hayes, has promised to be an agressive representative for this district. We feel that he will not only work for this district in the capital, but will also act energetically in the best interests of the nation as a whole. We recommend Will Hayes for Congress.

For State Senator: Fred Weybret, veteran of many years in Sacramento, has served this district well. In addition, he is a member of three highly important committees - agriculture, finance and soc ial welfare. There is no evidence to indicate that his oppo nent, James E. Arnett, would better

represent the district. We recommend Fred Weybret for State Senator.

For State Assembly: James W. Silliman, the incumbent, is unopposed. He deserves a courtesy vote.

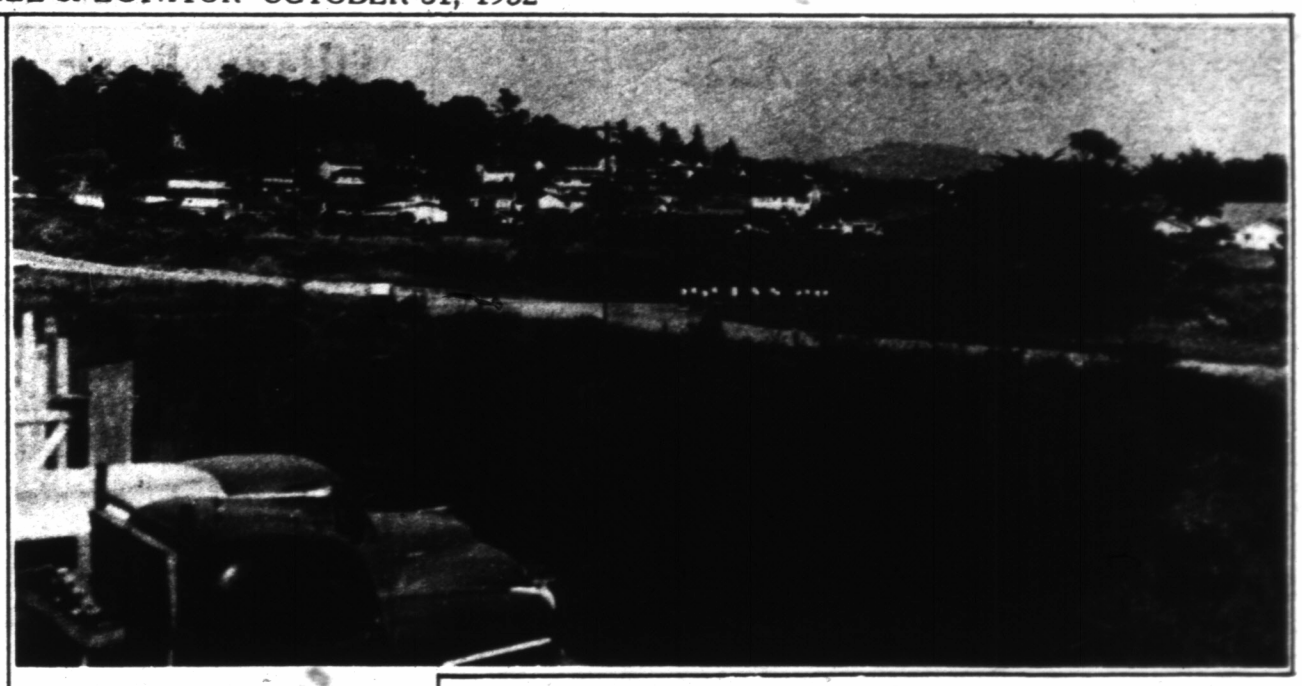
For District Court of Appeals: John T. Nourse has evidently filled his position well, as there is no evidence to the contrary. We recommend a YES vote for Judge Nourse.

For Municipal Court Judge: This court position is new to the Peninsula - it being an enlargement (which includes Carmel) of the present Monterey Justice Court. Ray Baugh has served in the Monterey court for many years. The new court is basically the same. Shelburn Robison, Baugh's opponent, is an attorney and has argued that the court needs a lawyer for a judge. Although it is desirable to have a lawyer sitting on the bench, we do not feel this to be vital in the case of the new court. If it was, the law establishing the new court would have included such a proviso. We recommend Ray Baugh for Municipal Court Judge.

For County Supervisor: A.B. "Andy" Jacobsen has served the Peninsula and the county well for the past 18 year. Because of his position and through cooperation with the board members he has been able to bring many advantages to the Peninsula that would be difficult if not impossible for anyone else to obtain. He has proved himself to be an able and economical administrator as well. His opponent, David H. Gill, has only promises to offer. We recommend Andy Jacobsen for Supervisor.

As to the 24 propositions on the ballot, voters can best decide how to cast their votes by reading the arguments pro and con in the booklet that came with the sample ballots. Of special note, however, is Proposition 10. This measure vitally affects everyone on the Peninsula. If the proposition is approved, it will halt all activities of civic groups seeking to influence legislation in Sacramento - such as the League of California Cities and the County Supervisors Association.

This measure, proposed by George McLain has two aims, we believe. First, McLain wants to retaliate for the defeat of his nefarious schemes in the past. And secondly, he wants to pave the way for launching another if he can hamstring these two organizations, which have bitterly opposed him, he will be well on the way to success in his next venture. We urge a NO vote on Proposition 10.



LOOKING northeast across the Monte Verde and 17th avenue intersection, this view shows the site of the new River School which is scheduled to be built on the two-block area bounded by Monte Verde, Lincoln, 15th and 17th avenues. Grading of the site will be completed before the end of this year and construction of the school itself will be completed by next September. At the extreme right are the buildings of the Mission Ranch.

The war interrupted her career and she fled to Egypt, where she was forced to stay for six year, playing for the Allied troops who came

TWO distinguished musical personalities will make appearances on the Monterey Peninsula soon. Gina Bachauer *(left)* pianist, will be the first artist presented by the Carmel Musical Society in this year's series. Miss Bachauer will appear at Sunset Auditorium on November 8th. Mishel Piastro, *(right)* will conduct the Longines Symphonette in concert at the Pacific Grove High School Auditorium on November 10. This is the second concert of the seas on being presented by the Monterey Peninsula Community Concert Association.

and went in that area. After the war, she went to England where she began her career all over again.

She was one of the few pupils accepted by the great Sergie Rachmaninoff, when she was finally able to get an audition with him in London. After that audition, she followed Rachmaninoff all over the world, getting lessons wherever he was playing. Finally, in 1947, she returned again to England where English audiences and critics took to her with great enthusiasm, just as Americans have done this last season.

GOLDEN BOUGH SHOWS THREE MAUGHAM TALES

Resuming where it left off at the time of the fire in 1949, the Golden Bough Playhouse is now offering the third of Somerset Maugham's series of films, the former two being "Trio," and "Quartet." The present film, "Encore," features three delightful Maugham tales.

"The Ant and the Grasshopper" is a diverting and ironical story of two brothers, one a stuffy, hard-working lawyer, and the other a charming bounder who will do anything for money except work.

"Winter Cruise" is a hilarious tale of a gabby spinster with a heart of gold, who with endless chatter drive to distraction the crew of a cargo boat on which she is traveling. Nothing finer than Kay Walsh's acting in this British produced film has been seen recently.

The last episode, "Gigolo and Gigolette," is a thrilling short drama concerning a stunt high-diver, Glynis Johns, and her husband. The girl has a dramatic brush with death, and both the movie audience and those in the theatre are on the edge of their seats.

"Encore" will play another week, ending Thursday, November 6th.

BUTTERFLY PHOTOGRAPHY CONTEST STILL OPEN

A photography contest, held in conjunction with the Butterfly Festival of last week end is still open. It will close December 15.

There are contests in both black-and-white and color, and both professional and amateur categories withing each. Only pictures of Monarch butterflies are eligible. Rules and entry blanks are available either at The Camera Exchange in Pacific Grove or McKay's Camera shop in Monterey.

CRAFTS STUDIOS TO BE TOURED NEXT WEEKEND

As part of National Art Week, the Carmel Crafts Guild will again sponsor tours of local craft studios next Thursday, Friday and Saturday. The tours will include six studios.

In all there will be nine tours - three each day. They will be conducted on foot leaving Devendorf Plaza at 1:30, 2 and 2:30 each of the three days.

The crafts included will be iron working, pottery, jewelry, weaving and leather work.

Last year, a similar crafts tour attracted more than 400 persons who watched the local artisans at work.

HALLOWE'EN PARTY AT SUNSET SCHOOL TONIGHT

The Hallowe'en Party tonight at Sunset School promises to be the biggest and best yet. Sponsored by the Carmel Kiwanis Club, the affair has gained strong support throughout the town and many businessmen have contributed prizes.

Among these prizes for winning the various costume classes, are dinners for the child and parents at the Hearthstone, Pine Inn, Sades' and Whitney's, a day at La Playa for child, and friend, sundaes for two at Nikko's and the Village Corner, and a $25 U.S. Bond as top prize.

The three judges who will pick the winners in the various classes are the Rev. Alfred B. Seccombe, Mrs. Malcolm Foster, and Paul McKinstry, one of the founders of the Hallowe'en Party.

The traditional donuts and cider will be served at the party and all are welcome. Dick Sumner will be Master of Ceremonies for the evening.

"Whatever you do - Vote 'Yes' on 2"

Democrats and Republicans, labor, business and farmers —they *all* say: "No matter how deeply you differ on election day over candidates and other ballot issues—*whatever you do,* vote 'YES' on PROPOSITION 2!"

That's because:

PROPOSITION 2 meets fairly and squarely the school crisis brought about by the twin pressures of inflation and increased population.

PROPOSITION 2 increases the State's share of local school support, and relieves the mounting tax burden on homeowners.

PROPOSITION 2 makes sure that California's future citizens have the educational opportunity they need *now!*

More than 200 California organizations, local and statewide, including the following, join in urging you to vote YES on PROPOSITION 2:

California Congress of Parents and Teachers
California State Chamber of Commerce
California State Federation of Labor (AFL)
California Congress of Industrial Organizations (CIO)
All Railroad Brotherhoods
Veterans of Foreign Wars of California
American Legion (more than 75 posts)

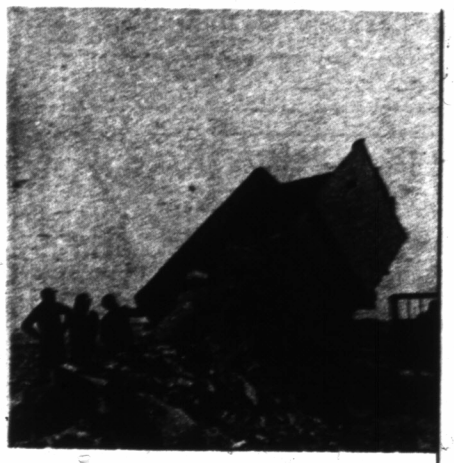
Carmel Valley Sun Spots

Story and Pictures by PARKER KIMBALL

This is what happens *(below)* when you toss an empty pack of cigarettes, cleansing tissues, a beer can or pop bottle, a raincoat, a hunting cap, shoes, a car jack, footlocker, tires, tubes, and a pair of blue panties out of a car window.... all these items plus many more were found in the 3 tons of refuse collected in one afternoon by 80 volunteer garbage collectors who gave the Valley a "clean sweepdown, fore an' aft". . . .



. . . .Valley refuse collector George Mc Aravy's truck is shown dumping the 17 yards of swill at the Seaside dump, watched by workers Alex and Marian Wygers and Paco Faro. Wygers, famed sculptor, and his crew picked up 20 grain sacks ful of swill in .7 of one mile.... Other workers like Mr. and Mrs. J. K. Caldwell did as well, wielding sticks with nails, and in Mrs. Caldwell's case, a fastidious set of ice tongs. . . Mr. Caldwell, a foreign service career diplomat and former Ambassador to Ethiopia, was only one of a unique group of community volunteers which included Lt. Gen J-L. Underhill (USA ret) and prominent artists and writers. . .

. . . .Shown waiting for the garbage truck to pick up a load they've collected are Dr. Edward Marcucci, well known San Francisco oral sugeon who commutes to his home in the Valley and Maj. Gen. E.J. Dawley. . .

. . . .When the truck was delayed, they went into the restaurant at Farm Center where

YOUR FIRST MUNICIPAL COURT— WHAT IS IT?

SHELBURN ROBISON

THE LAWYER CANDIDATE

The Justice Court of this area is to be replaced with one Municipal Court and a judge elected for it . . . This means that your court operation is being raised from amateur to professional level — not presided over as a sideline activity as is the case with most Justices of Peace . . . It becomes a Court of Record . . . Its decisions are binding—not to be shaken off like those of a Justice court simply by petitioning for re-trial in a Court of Record . . . Law of Municipal Courts of the State requires, therefore, that the Judge be a professional — a practicing attorney who has studied law, passed the State bar examinations . . . The Municipal Court handles lawsuits involving property rights up to $3000, and criminal misdemeanors . . . This is no place for the amateur.

WHY YOU SHOULD VOTE YES ON PROP. 3

California is the only state in the Union now putting a penalty tax on Non-Profit schools. Let us join the Union, Too!

List of Schools Affected:

Seventh Day Adventist	143
Baptist	15
Lutheran (Mo. Synod) Schools	63
Evangelical Christian	19
Unaffiliated Christian	17
California Association of Christian Schools	37
National Lutheran Schools	15
Episcopal Schools	15
Jewish Schools	3
Schools for Hanicapped Children	58
Parochial Schools	534
	919 schools.

1. Every Public School in California is over-crowded. The NON-PROFIT schools educate an additional 198,600 children for whom there is no room in the public schools, at no cost to you in taxes.

2. These schools save the taxpayers over $45,000,000.00 per year. This money to run these schools is all given voluntarily.

3. The cost of 919 Non-Profit school buildings is over $350,000,000.00. They cost the taxpayers nothing.

4. Every parent who has a child in any Non-Profit school also pays all public school taxes, in addition to paying the cost of schooling in Non-Profit schools and pays these taxes without complaint.

5. Fifty-five percent of the property tax in Monterey County goes for the cost of running public schools. A YES VOTE on Proposition 3 would cost each person seven cents. It saves each person over $5.00 per year. Nobody gets a free ride.

6. Colleges and universities are tax exempt. . . . .why not the grammar schools too?

7. CALIFORNIA - THE ONLY STATE IN THE UNION NOW PUTTING A PENALTY TAX ON NON-PROFIT SCHOOLS. LET US JOIN THE UNION TOO.

There's No Substitute for a Quarter of a Century of Judicial Experience!

Elect JUDGE BAUGH

SUPREME COURT JUSTICE GIBSON LAUDS VETERAN JUDGE BAUGH AS 'OUTSTANDING'

Judge Ray Baugh

Following is a reprint of an article which appeared in April, 1949, in newspapers throughout California, including the Monterey Peninsula Herald.

SACRAMENTO— Judge Ray Baugh of Monterey Justice Court was highly praised by Supreme Court Justice Phil S. Gibson before the Assembly judiciary committee which is considering proposals to reorganize lower courts.

Justice Gibson opposed proposed provisions which would require all justices of the peace to be attorneys. He stated he originally favored the proposal, but that a study revealed some justices do equally good and even better jobs than superior court judges.

"Two of the outstanding non-attorney justices of the peace are Ray Baugh and Stewart Magee (of Bakersfield)," the State's chief justice declared.

Baugh is president of the State Association of Justices and Constables, which is sponsoring legislation which would reorganize inferior courts in line with Justice Gibson's views.

"NO PLACE FOR AN AMATEUR"

90% of all Municipal Court cases will be criminal, identical in jurisdiction with Judge Baugh's court for a quarter of a century. Only important change is in the Civil Department, which will have an increase from the present $1,000 to $3,000. This certainly is "No Place for an Amateur."

There's No Substitute for Experience!
Judge Ray Baugh is blessed with a Judicial Temperament and a warm, human understanding.

ELECT JUDGE BAUGH

Escorting him are Mrs. Gunnar Norberg, playhouse secretary-treasurer; Manager Edward ("Ted") Kuster *(second from right)*, Edgar Bissantz, vice president of the Monterey Republican Assembly. Bramblett's interest in the theater dates back to 1950 when he helped obtain ffederal priorities for its reconstruction.

ELLIOT - PYLE WEDDING

The Friday wedding which united Shirley Ann Elliot and Benjamin F. Pyle and the reception which followed was one of the loveliest affairs of the fall season on the Monterey Peninsula.

The attractive pair were married at a five o'clock service at All Saints' Church in Carmel read by Reverend Charles A. Dowdell. The altar was decorated with arrangements of large white chrysanthemums and tall tapers.

The bride, d aughter of Dr. and Mrs. Del L. Elliot of Carmel, has one brother, Michael. She attended Carmel schools and this year was graduated from Stephens College in Columbia, Missouri.

The new benedict is the son of Mrs. Marjorie Pyle of Columbia, who came west for the nuptials, and Nolan F. Pyle of the same city. He is a graduate of the University of Missouri,

SMASH BOTH McLAIN SCHEMES

George H. McLain, the perennial pension promoter who finances his operations by ruthless appeals to pensioners for a "cut" each month from their pension payments—he even asks old people to send him their gold jewelry and keepsakes —is back on the ballot this year with TWO unsavory schemes.

McLAIN's PROPOSITION NO. 10 is a blackjack scheme. It seeks to penalize all the fine civic groups and organizations that have fought his unsound schemes in the past, by denying use of public funds for Chamber of Commerce and tourist promotion activities, 4-H Club youthbuilding work, Veterans' Rehabilitation programs, Labor Day observances sponsored by labor unions, school trustee organization work, and other useful, beneficial purposes. Proposition No. 10 is vicious and senseless.

McLAIN's PROPOSITION NO. 11 is a re-hash of the old McLain Pension Scheme adopted by a narrow margin in 1948 and overwhelmingly repealed the following year, after it had sent pension administration costs soaring to fantastic heights. Once again, Proposition No. 11 would transfer the responsibility for determining pension eligibility and disbursing pension funds from local governments to one State Bureau. It is a scheme to achieve vast political power by creating a political pension dictatorship.

"witch hunt" with the

MASON'S

Friday and Saturday, we're having a clearance of "witches" — those goblins that haunt every store stock — odds and ends of soiled and shopworn spooks that even the ghosts don't want.

If you can use some of this stuff you'll save yourself from 25 to 50% of the original price. And you'll make Margaret mighty happy because she's been wearing her fore-finger to the bone, taking the markdowns.

What's in the lot?

Laces and trimmings, belts, fabrics, cotton hosiery, knit underwear, lingerie, bras, women's and misses' sweaters, denim shorts, blouses and many other items. Look for the black-and-orange signs that tell you —

"It's a witch!"

Naturally, Friday offers the better selection, but we'll try to keep broom-sticking more witches in your direction until the store closes Saturday night-

You might also take a look at the new things that are starting to roll in:

Norman Palmer has already sent two styles of Pilot blouses that we think are terrific, with more to come — A friend in New York has ten styles of genuine calf handbags at $5.00 on the way (we hope they'll be here for Friday). — Cloyd Haas sent us umbrellas in both conservative and the smart pencil-slim style. Cloyd, incidentally, and his partner, Bill Jordan originated the umbrellas you can see through — so you can always look for something different from them.

And there are some India prints for table cloths, bedspreads, couch covers, or what have you that are attracting considerable attention. Twin and full size.

That's one reason why we're having the "witch hunt" — gives us more room for Christmas things. It's surprising the number of you already beginning to accumulate for Christmas. Which reminds me: Why don't you also take a look at the personalized Christmas cards Frank Ryan sent us? Very reasonably priced.

As you know, the Mason's, (formerly Balzer's Dept. Store) are on the east side of Dolores, between Fifth and Sixth. Be seein' you.

VOTE NO ON PROP. 10

Proposition 10 would prohibit the League of California Cities, of which Carmel is a member, from attempting to influence legislation in Sacramento. The League is the only practicable channel through which the wishes of Carmel can be made known regarding legislation affecting California's cities. It is particularly valuable in protecting the interests of small cities such as Carmel. It has been of inestimable value to us in the past. It should not be hampered in the future by this "spite" proposition.

A BLIND PENSIONER DECEIVED

Barnabee Hernandez, being sworn, said, "About a week ago Mr. Pat Patterson and Mr. James Arnett came to the house where I live at 329 Spruce Street, Seaside, California, with a card they had already written. They asked me to sign it. I thought it was just to show I would vote for Arnett. I did not know the card would be sent to lots of people and used for political purposes against Senator Weybret. I didn't send the card out, and I didn't pay any of the expense of sending it out. I have been told many cards have been sent out. After they talked with me that day, I thought Mr. Weybret worked for the Welfare Department in Salinas and the State Department of Social Welfare in Sacramento. I had never known who Fred Wetbret was and I didn't know he was a State Senator. I do not know of any harm that Senator Weybret has ever done to me."

The Masons, Bob and Margaret, who took over Balzer's Store recently, have two lifetimes of department store experience behind them.

Bob, a native of Wichita, Kansas, started out his merchandising career in Los Angeles, where his family moved in 1922. He was assistant advertising manager there, a job which involved layouts, space allocations and copy writing, of the Broadway Stores' ad program. From there he went to St. Louis, where he was in a similar capacity, and followed up with work in two other stores' advertising.

Since he had made up his mind to gain as wide experience as possible, Bob then looked for chances to work in new stores and learn new methods. He returned to the Coast which has always been his favorite place to live, and joined the H.C. Capwell Co. --a job so congenial that he stayed in it for 11 years. For the first year or so he was in advertising, but decided to enter the buying end of the business, when he realized that executive positions were filled from those ranks, and that the buying and merchandising of goods interested him most. Beginning in the handbags, jewelry, and silver departments, he worked his way up through the organization until he was manager of the Home Furnishings department. At that time, the Caswell stores were run on a concessionaire basis, with each department autonomous, paying its own expenses, hiring and buying for itself, and figuring its profit or loss independently. Shortly after this, Bob was lifted into the over-all management of the store, when he was made basement manager of Capwell's.

A hiatus occured in 1942, when Bob entered the Army. He was a lieutenant in Post Exchanges' work from then until his discharge in 1946, when he was discharged, a major. He is an active reserve now.

From his discharge until 1951, Bob was active in the consultive work centering about the construction of the Stonestown store of the Emporium, work that involved coordination, department planning, and some personnel work.

From there he went to Atlanta, Georgia, for a year with the Famous-Barr Co., but life on the West Coast beckoned him back, and when Marjorie and Oscar Balzer decided to give up their store, Bob repeated a long-time offer to buy.

Margaret, Mrs. Mason, has been with the Capwell Co. all her life with the exception of a brief time at the Liberty House in Honolulu. The island interval came about as the result of a Hawaiian vacation. A native Californian, she was born and raised in Berkeley, and has worked as an assistant buyer in most of the women's departments of merchandising.....jewelry, sports clothes, accessories, and watches and silverware.

She and Bob were married in 1948, at a Carmel ceremony, at which Oscar Balzer was best man.

Margaret, after their marriage, was extremely active in Scout and Community Chest work in San Francisco...topping her good works in the 1951 Chest drive when she was residential chairman for the entire city. It was a job that involved the supervision of 7,000 volunteers. She was also a Red Cross group chairman and on the Board of the Girl Scouts. An attractive and vivacious woman, she is anxious, after settling the store to enter into volunteer work in Carmel.

Happily settled, the Masons are both looking backward to the years when they both wanted to go into business for themselves, and to live in Carmel. They feel they've hit the "way of life" jackpot now...boosters of Carmel, they promise, as well, to be contributors to it.

The Amateur Gardener

GARDENING FOR HEALTH AND HAPPINESS

By CHARLES W. DELANEY

The gardener expects to attain some results in the form of a harvest, whether it is an abundance of flowers and color or luscious vegetables. However, the by-products are equally important. I mean by that, health and happiness.

It would be trite and needless to elaborate on the benefits to health through exercise, fresh air and the wonderful effects of sunshine.

Happiness is a state of mind and a way of thinking. It is a way of understanding. We are all striving to find happiness and yet there are few who can admit to being actually happy. There are times in all lives when the seeking is for security, and when security is in sight, we strive for peace of mind.

Man was not created simply to sit in a rocking chair, he must have some work to occupy his life. He has always worked and played and each one requires physical and mental effort.

We promote the thought of gardening as it has so many factors which benefit life and living. We do not argue against any other hobby because each has something in its favor. Growing things, however, enables us to learn much and brings us to a fuller realization of the great plan of the universe which our Creator has given us.

The study of the soil is intensely interesting. We usually just accept it without realizing that all life on this planet is dependent on it. There would be no living thing, there would be no beauty without soil, just a cold, desolate waste, without life. The Chinese speak of the "Good Earth." In India, they call it "Mother Earth." In the story of the creation in Genesis -"And the Lord God formed man of the dust of the ground." The body contains the same chemical elements as the soil. Isiah said, "All flesh is grass." How true, this simple thing we call soil has all the elements of living tissue and so much more that we as yet do not know or understand. It is alive, teeming with microbes that feed plants, absorb and hold water so that plants may grow and reproduce.

Yes, the soil gives us more than flowers, vegetables and fruits. It gives us hope, courage, patience and peace of mind. It anchors us to something solid, fundamental, timeless and constructive, It binds us to the best of all of man's heritage, a heritage rooted in a desire which could find its first expression only after men have ceased preying upon each other. It will find its highest reward when nations again settle down to live and work in peace so that the plan of Providence may be fulfilled to really practice the belief in the Fatherhood of God and the brotherhood of man.

VALLEY NOTES *(Cont'd.)*

owner Paul Vornholt *(standing in photo below)* was passing out free doughnuts and coffee in cooperation store with owner Walt Tuthill next door. . .

Nobody, including worker, Elinor Kelley could identify the Gibson girl whose photograph had been thrown away. . .perhaps by a jilted swain.

Preponderance of trash was found to be beer bottles, cans, cigarette packages and- -oh Lord--cleansing tissues (which are hard to pick up.) Over a 7½ miles course, one group of statisticians determined that Herbert Tareyton cigarettes were most frequent thrown from car windows. . .Lucky Lager beer (canned) led its field. . .Motorist reaction at the sight of the workers was mixed: one car stopped and asked if the volunteers were county prisoners. . .Only casualty was one truck driver who was beaned on the head by a sack of bottles falling off his . . .no damage.

And at the end of the day the Valley was clean as a whistle; by this midweek however; the glint of shiny beer cans and bottles were beginning to decorate the Valley road again. . .proving the jerks are still abroad.

Irrigation made California wasteland productive.

The tin can made large-scale irrigation pay off . . . by creating a world-wide market for the greatly increased crops grown on newly-made-fertile acres. Today, California's canning industry packs and ships more than 3 million tons of fruits and vegetables a year.

And you share—along with everyone in California—in the huge income that is provided as the State's canned food goes to market.

We at American Can Company are proud of the part that we have had in helping California's canning industry grow.

As we continue to develop better containers, and more economical ways of making them, even more people will be able to earn a better living growing, producing, and packaging California products for the markets of the world.
